Maybe even better than free.

There are no restrictions on the number of times a file can be downloaded. It is also allowed to link to the download page from websites and communities. Fileis free to use with no gotchas and no hidden fees. You decide who you want to share your files with. This is easy, fast and reliable filehosting! You don't needany kind of premium-accounts. No account or credit card is required to get started. Files transferred the old-fashioned way tend to pile up and be forgottenabout, eventually costing you money in data storage fees. Any file in any format can be uploaded and downloaded for free. So try our free and simplefilehosting service now. Unfortunately, we can't make that part free. When you use file, you avoid storing the file you're sending in your cloud storage or mailserver. Using file, you can circumvent those limits without paying to upgrade your team chat service. filehosting provides an easy possibility for you to sendlarge files to your friends. If only we could, we surely would! On the other hand, using file can actually save you money. Your wallet will be none-the-lighter!Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers toyour friends device. Keep your files private, or send your download links only to friends or family. Why pay storage fees for a file that you just wanted to sendto a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. We have no file size limit. Ourservice is completely free for everyone. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Simply uploadyour file and share the link. You can give this download link to your friends by mail or instant messenger. You don't need any special software installed to beable to download your files. Just upload the file you want to share with your friends and we send you a download link to your file. Files can be downloadedfrom any computer from our high speed servers. The cost of that data transfer is covered by your internet service or the data plan on your phone. You canupload any type of file (movies, music, documents, images, zip files and more).
