Maybe even better than free.

filehosting provides an easy possibility for you to send large files to your friends. This is easy, fast and reliable filehosting! You don't need any kind ofpremium-accounts. We have no file size limit. You can give this download link to your friends by mail or instant messenger. When you use file, you avoidstoring the file you're sending in your cloud storage or mail server. Alternatively you can choose to share your download links on blogs, forums and socialnetworking sites. Files can be downloaded from any computer from our high speed servers. No account or credit card is required to get started. You decide whoyou want to share your files with. You can upload any type of file (movies, music, documents, images, zip files and more). Using file, you can circumvent thoselimits without paying to upgrade your team chat service. Keep your files private, or send your download links only to friends or family. Your wallet will benone-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then fromour servers to your friends device. Our service is completely free for everyone. Files transferred the old-fashioned way tend to pile up and be forgotten about,eventually costing you money in data storage fees. Any file in any format can be uploaded and downloaded for free. Unfortunately, we can't make that partfree. There are no restrictions on the number of times a file can be downloaded. The cost of that data transfer is covered by your internet service or the data planon your phone. Just upload the file you want to share with your friends and we send you a download link to your file. File is free to use with no gotchas and nohidden fees. You don't need any special software installed to be able to download your files. So try our free and simple filehosting service now. If only wecould, we surely would! On the other hand, using file can actually save you money. Simply upload your file and share the link. Why pay storage fees for a filethat you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. It isalso allowed to link to the download page from websites and communities.
