You only have to check out the video’s 1.1 billion views on YouTube to recognize how much of a following these three have thanks to their massive hit. It’s a list of the most popular 100 songs in the U.S. Billboard also tracks whether a song is higher or lower on the charts each week, its peak position and its total weeks on the chart. Radio is still the most popular way to consume music. El Guincho has been making incredible dance music since 2007’s Alegranza, so it’s all the more exciting to see these three take over the world after all this time. We could’ve sworn Tool had a reunion. The Hot 200 Albums is released each Friday which is also the global release date for most new albums. Together with producer Jack Antonoff, Lana Del Rey created the perfect song for the existential crisis all of us had at some point in 2019. Photo Courtesy: Randy Holmes/ABC/Getty Images
It was a powerful confession from the musician who wanted to use his story to help remove the stigma surrounding mental illness. MORE FROM QUESTIONSANSWERED.NET

2019 was one for the record books. It’s almost bizarre to remember how many other zeitgeisty artists like Drake, Madonna and The Raconteurs released albums this year. Often, the artist with the top-selling album is different from the artist with the top-selling single on the Billboard Hot 100. MORE FROM SMARTER.COM
A rite of passage for musicians is having a song on the top 40 hits radio chart. “What’s Good” is his most aggressive and dizzying diss track that quickly jumps from buzzing beats to synthesized and smooth R&B. And Vampire Weekend got back together, too. His latest album Igor was a creative blend of rap and R&B that claimed the top spot on Billboard’s Top 200 Albums chart. As each verse gets more intense, relaxing ’70s synths are used as a distraction to cool you down before hitting you with another verse. The data analytics company Nielsen tracks what people are listening to every week in 19 different countries and compiles the information for Billboard music charts.Mainstream Top 40The top 40 hits are pulled by the Hot 100 list published weekly by Billboard magazine. For an artist to make the Top 40, he or she needs to have high radio plays. The pop star made a major splash in 2019 with the release of her debut album Cuz I Love You. For instance, if an album charts on January 27, it’s total number of listens will be from the January 12-January 18 tracking week.Sales and StreamingWhile album sales are dropping in recent years, the use of streaming services is rising. It’s a beautiful, trippy opus that begs you to explore your own internal rhythms.Tyler, the Creator – “What’s Good”Tyler, the Creator has a very clear message for his enemies on “What’s Good” — bring it. On 2017’s No Shape, he gorgeously examined his gender confusion and challenges living with Crohn’s disease. After steadily releasing songs with syrupy vocals and hip-house beats for two years, “Sexy Black Timberlake” is his best tease for what’s still to come. While fans await his debut album, early adopters can still catch him on tour in smaller venues before he starts selling out stadiums. It’s also a cry to escape from times when an entire generation wasn’t completely burned out. New acts like King Princess, Billie Eilish and Lil Nas X hit the airwaves and dominated the cultural zeitgeist. Playing a music video on YouTube also counts as a song play. The nine-minute psychedelic rush takes him outside of the confines of his body and brings all of us with him onto a cosmic dance floor eons away. Carrying the emotional weight of the relationship while battling the public’s far-from-positive approval of their love appears to have soured what could have been. “Assume Form” is a beautiful piano-and-string-fueled breakthrough moment for Blake and a gentle reminder for all of us to live more in the moment.Lana Del Rey – “The greatest”“The greatest” is like the last item you pack in the car before driving off into the sunset. Like the cover art for her 2019 album Norman F—— Rockwell!, “The greatest” reaches out for our hand so we can watch the end of the world together. But all we can remember about the last few months is that we couldn’t escape “Old Town Road” and Lizzo is in charge of everything now. Radio: Once a song becomes popular enough to be picked up by radio stations, it can gain a lot of traction and earn a spot on the Billboard Hot 100. This includes venues, mass merchants, retail chains, independent stores and digital downloads. The Billboard Hot 100 is published weekly by Billboard magazine. There are a number of factors that determine whether a song makes the top 40 list. But we wouldn’t worry about FKA Twigs —she’ll find something else to store in plastic wrap soon enough.Lizzo featuring Missy Elliott – “Tempo”Lizzo has had an explosive year, to say the least. In recent years, audio- and video-on-demand streaming services have set record highs for streams. El Guincho, Rosalía and J Balvin have earned their way into heavy rotation at every beach party’s playlist for years to come.FKA Twigs – “Cellophane”It was only April, but FKA Twigs released the best ballad of the year with “Cellophane,” the first single from her second studio album Magdalene. After comparing himself to a god, a vampire and a crocodile with an eye for Steve Irwin, we’re left speechless, which makes the soft piano outro feel all the more unsettling.James Blake – “Assume Form”The title track from Blake’s fourth studio album is a delicate commitment to keep himself from giving in to depression. Streaming music: The number of plays on online radio stations like Pandora, Spotify, Apple Music, Yahoo Music and AOL Music are counted toward the total number of streams. And let’s be real — if an elevator released music and said it was “featuring Missy Elliott,” we’d be in that elevator alllllll day.Perfume Genius – “Eye in the Wall”Perfume Genius’ Mike Hadreas sings several songs about his relationship with his body. In the last year, the musician publicly acknowledged he sought treatment for having suicidal thoughts. Nielsen tracks radio stations all over the country and measures what songs are being played. You can watch the music video and listen to almost every song directly on the Billboard website.In additions to the Hot 100, Billboard also tracks the Billboard 200 and the Artists 100. She calls for simpler times, like 1970s L.A.’s Laurel Canyon when it was frequented by bands like The Doors and The Mamas and The Papas. It’s heavy on the melodrama, and you can hear her guttural pain with each crescendo, but there’s a hint of irony wrapped up in the song. Before another year comes to a close, let’s look back at the best music to come out of 2019
Channel Tres – “Sexy Black Timberlake”Channel Tres is quickly evolving into one of the most prolific names in dance music. Photo Courtesy: Lizzo/YouTube
It gives Lizzo the chance to spit playful bars to her next conquest, but if they weren’t sold yet, she offers a flute solo at the end to seal the deal. Music consumption is up, but music sales are down.Radio:The biggest AM/FM radio in the world is iHeartRadio. Trust us on this one — Channel Tres’ SoCal sensuality and Barry-White-on-Xanax vocals are going to please many a dance floor in 2020.Sorry, Lil Nas X, but the Song of the Summer wasn’t your chart-topping “Old Town Road.” No summer jam gave us ’90s reggaeton throwback vibes at a 30,000-foot altitude quite like “Con Altura.” We’re in a post-“Despacito” world, and Latin and Spanish music have finally found a much larger fanbase. The song appears to be about her relationship with Twilight heartthrob Robert Pattinson. They include:Sales: Nielsen tracks all of the physical and digital record sales from 19 different countries including the United States and Canada. This information helps Billboard track the top songs in the country. “Eye in the Wall,” his collaboration with Seattle-based choreographer Kate Wallich, sees Hadreas giving in to his body’s desire to move. To track sales and streaming, the Hot 200 Albums Chart schedule is delayed by a few days to encompass a full week of sales. Hell, she’d even settle to go back to the rock resurgence of the late 2000s in New York City. Out of all of her releases to hit it big on the radio, no song gets the dance floor moving like “Tempo,” her collaboration with Missy Elliott. You can also view the top played songs on the radio, top streaming songs, top digital song sales and top hits of the year.Hot 200 Albums ChartThe Hot 200 Albums Chart tracks the top-selling albums of the week.
